

MUGILANE D

SOFTWARE ENGINEER

Chennai, Tamil Nadu, India - 605117 • mugilane.cse@gmail.com • +91 9360096656
Portfolio : <https://mugilane.github.io/portfolio/> | linkedin: <https://www.linkedin.com/in/mugilane-sdm>

PROFESSIONAL SUMMARY

Results-driven **Software Engineer and Backend Lead** with **2+ years** of experience in designing and building scalable applications using **Node.js, NestJS, and Microservices Architecture**. Proven expertise in **API development, system design, database optimization, and distributed systems**. Strong leader experienced in managing teams and delivering high-performance solutions. Passionate about **performance optimization, clean architecture, and modern backend technologies**.

PROFESSIONAL EXPERIENCE

YOHO TECHNOLOGIES PVT LTD

Chennai, Tamil Nadu, India.

SOFTWARE ENGINEER / BACKEND LEAD

JUNE / 2024 -Present

- **Microservices Architecture:** Architected and transitioned backend systems to a highly scalable **microservices architecture** using **NestJS**, improving modularity and system resilience.
- **Database Management:** Designed and optimized database schemas across both **MongoDB** and **SQL** environments, ensuring high query efficiency and data integrity.
- **Team Leadership & Delivery:** Lead a cross-functional development team of **5+ members**, overseeing the entire software development lifecycle (SDLC) from project planning and architecture design to final deployment.
- Implemented **JWT-based authentication** and **role-based authorization**, securing APIs and controlling access across user roles.
- **High-Performance Communication:** Implemented **gRPC** for rapid, low-latency inter-service communication and utilized **Kafka** for robust event-driven data streaming.
- **Process Automation:** Automated **10+ backend processes**, cutting manual operational workload by **60%** and enabling better scalability.
- Developed dynamic, **mobile-responsive** user interfaces using **React.js** and modern CSS frameworks
- **Integrated 5+ third-party services** (e.g., payment gateways, SMS/email APIs), expanding platform functionality and **improving user engagement** through enhanced communication and load by integrating **Redis caching**.

EDUCATION

CHRIST COLLEGE OF ENGINEERING AND TECHNOLOGY

Puducherry, India.

Bachelor of Technology, Major in Computer Science And Engineering; CGPA – 8.42 / 10.

2020-2024

TECHNICAL SKILLS

- **Backend & Architecture:** Node.js, Express.js, NestJS, TypeScript, Microservices Architecture REST APIs.
- **Message Brokers & Caching:** Kafka, Redis, gRPC, BullMQ.
- **Databases:** MongoDB, SQL / Pg (TypeORM) and AWS S3 / Cloudinary.
- **Frontend:** React.js, Redux, TailwindCSS, micro-frontend.
- **Tools & Methodologies:** System Design, End-to-End Deployment, Agile/Scrum, Git, VS code and Docker.
